## Notes

Unless otherwise noted, all data are for 2014-15 and include all grades offered by the district.
In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit EdSight (EdSight.ct.gov).
State totals are not displayed as they are not comparable to district totals.
Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to ensure student confidentiality.
N/A is displayed when a category is not applicable for a district or school.

## Performance and Accountability

## District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments.
The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

| Connecticut | $41 \%$ | $36 \%$ | $32 \%$ |
| National Public | $39 \%$ | $32 \%$ | $25 \%$ |

${ }^{1}$ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ${ }^{2}$ The Connecticut Physical Fitness Assessment (CPFA) is administered to all students in Grades 4, 6, 8 and 10. The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.
${ }^{3}$ Only students assessed in all four areas are included in this calculation.

${ }^{1}$ The four-year cohort graduation rate represents the percentage of first-time 9th graders who earn a standard high school diploma within four years. Statewide, district and school results for cohorts of 2010 through 2013 are available online ${ }^{2}$ Cohort count includes all students in the cohort as of the end of the 2013-14 school year.
${ }^{3}$ Targets are calculated when there are at least 20 students in a cohort in the base year (i.e., 2010-11).
${ }^{4}$ Targets are not displayed at the state level.

- SAT ${ }^{\circledR}$ - composite score of 1550 or higher
- $\mathrm{ACT}^{\circledR}$ - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- $\mathrm{AP}^{\circledR}-3$ or higher on any one $A \mathrm{P}^{\circledR}$ exam
- $\mathrm{IB}^{\circledR}-4$ or higher on any one $\mathrm{IB}^{\circledR}$ exam
- Smarter Balanced - Level 3 or higher on both ELA and math
${ }^{6}$ Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percent. Sources:

## Next Generation Accountability Results

These statistics are the first results from Connecticut's Next Generation Accountability System for districts and schools. This system is a broad set of 12 indicators that help tell the story of how well a school is preparing its students for success in college, careers and life. It moves beyond test scores and graduation rates and instead provides a more holistic, multifactor perspective of district and school performance and incorporates student growth over time.

## Narratives

## School District Improvement Plans and Parental Outreach Activities

Regional School District \#10 strives towards high levels of achievement and engagement from all of our students. We know that this starts with a strong home school connection built upon shared values and a commitment to positive communication.
This experience starts with our preschool students in both elementary schools through the partners in Literacy and Numeracy Program. This program extends early learning experiences to parents and caregivers and builds a strong foundation for child, parent, and school forming lasting relationships. This foundation is nurtured with an active PTA group at both elementary schools and numerous opportunities for families to be involved in their child's learning. Every planned activity in RSD10, i.e. open house, parent conferences, special presenters, is viewed as an opportunity to educate parents in ways to support their children. Efforts are made to be responsive to the needs of our families.
For example, two CPAC parent nights were held for all parents of students with special needs to support the unique needs of this parent group. Region 10 Schools joined the State Education Resource Center (SERC) in an effort to boost literacy skills and foster a positive school environment for all students, particularly students with disabilities, students of color, and students learning English.
This effort resulted in a comprehensive approach to SRBI aiming to eliminate the predictability of achievement gaps between students with disabilities and their nondisabled peers. Professional development offered to teachers was inclusive of all regular education and special education staff to connect the learning experiences for all students to the CT Core State Standards.
In addition, all Region 10 schools participated in Standards-Based IEP training. This training focused on how to write IEP goals that are aligned with the general education curriculum and the Common Core standards. Lewis Mills High School has worked closely with the ACES program to explicitly teach social and life skills for our students with special education needs. In addition, our secondary program is working closely with outside agencies to transition IEP students to be more successful in the community through work experiences and college experiences

Region 10 has many systems in place to reduce truancy in our schools. RSD10 has devoted one staff member strictly to attendance at Lewis Mills High School, in order to send out mid point and final attendance letters to inform students and parents. The attendance policy is in all school handbooks and is adhered to strictly and explicitly taught to both parents and students. If a problem does arise, a SAM (Student Assistance Model) referral is made for any students whom we track as having attendance issues. The student is given a case manager to monitor and employs interventions to curb attendance issues.

Lastly, teachers in RSD10 reach out to parents with email communication, resources via school website and individual teacher webpages as well as the use of Power School for student data management which allows parents to access students grades and attendance. The "Parent Portal" allows a parent to access personal information and contact their child's teacher. Communication is this way is immediate and responsive to parent needs.

## Efforts to Reduce Racial, Ethnic and Economic Isolation

Regional School District 10 continues to encourage and foster educational opportunities for students to interact with peers and teachers from diverse racial, ethnic and economic backgrounds. Each school schedules assemblies and programs for students that provide awareness of diverse and multi-cultural perspectives. At our elementary schools, the PTA offers many wonderful programs that bring a variety of cultures to life for our youngest students. Students engage with artists, musicians and dancers to be immersed in rich cultural experiences.
The world language program in RSD10 plays an essential part in our commitment to and awareness of other cultures. Our world language program features several native speakers who bring their culture to the classroom.
World languages are offered to all students beginning in grade 3. Building upon this elementary experience our students are able to expand their language knowledge in Middle and High School. One unique language offered is Mandarin Chinese offered at our High School. This program teaches students not only the language but the culture of China as well. Each year a student fieldtrip to New York's Chinatown is a fun highlight. The World Language Department hosts an annual cultural event, which highlights numerous ethnic groups and customs.
The high school offers a biennial student exchange program with Spain. Students travel from Spain and stay with host families and later in the school year Region 10 students travel to Spain to stay with the student they hosted and their family. Lewis Mills welcomes foreign exchange students; the most recent exchange students were from Spain, Switzerland and Thailand. Cultural visits to France are also offered at the high school level.
Credited, teacher-supported independent study opportunities, which promote cultural awareness, are offered at the high school and a Sister City program at the middle school level.
RSD10 continues to participate in the Project Choice Program. This opportunity enriches all children as they learn and grow together in a shared educational experience.
Lake Garda Elementary School is a participant in a unique relationship with the University of Northwest Switzerland. College seniors join classrooms with a supervising teacher and co-taught lesson

## Equitable Allocation of Resources among District Schools

Region 10 works to ensure an equitable distribution of resources among its schools through a budget process that involves the Board of Education, administration, staff, parents of school children, and our two communities as a whole. Site based administrators identify priorities and discuss in forums with all staff. A detailed budget document provides staff and tax payers with a clear and transparent view of the budget.
Schools receive guidance on overall prospective spending levels and district goals, but are generally allowed to allocate resources as they see best at their individual sites. Financial resources are allocated based on enrollments and program requirements at each site. Budget submissions from the schools reflect both contractual and legal requirements, as well as program needs and goals.

The Superintendent of Schools presents the budget to the Board and schedules a series of public meetings to encourage participation in the budget process. These meetings are used to ensure the budget accommodates all programs fairly. Region 10 works in concert with all stakeholders to plan accordingly for future growth and expected needs.
