Unless otherwise noted, all data are for 2022-23 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit <https://edsight.ct.gov>

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

\* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality. Complete data suppression guidelines are available at <https://tinyurl.com/SuppressionPolicy>

N/A is displayed when a category is not applicable for a district or school.

### Performance and Accountability

#### District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

	English Language Arts (ELA)		Math		Science	
	Count	DPI	Count	DPI	Count	DPI
American Indian or Alaska Native	10	*	10	*	7	*
Asian	69	71.8	69	77.9	30	71.2

<sup>1</sup> NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at [https://portal.ct.gov/-/media/SDE/Student-Assessment/NAEP/report-card\\_NAEP-2022.pdf](https://portal.ct.gov/-/media/SDE/Student-Assessment/NAEP/report-card_NAEP-2022.pdf)

All Tests - State	51.5	46.0	44.1	41.1		45.5

<sup>2</sup>The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

<sup>3</sup>Only students assessed in all four areas are included in this calculation.

Students with Disabilities	76.4	*	*
District	92.4	114	48.1
State	95.2		44.3

<sup>3</sup> Students demonstrate postsecondary readiness through at least one of the following:

- SAT<sup>®</sup> - meets benchmark score on SAT, Revised SAT or Connecticut School Day SAT
- ACT<sup>®</sup> - meets benchmark score on 3 of 4 exams (benchmark score varies by subject)
- AP<sup>®</sup> - 3 or higher on any one AP<sup>®</sup> exam
- IB<sup>®</sup> - 4 or higher on any one IB<sup>®</sup> exam
- Earning three or more non-remedial college credits cumulatively during high school.

<sup>4</sup> Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage.

### Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

## Montville School District

### Narratives

---

#### School District Improvement Plans and Parental Outreach Activities

At Montville Public Schools all students are engaged in purposeful and challenging learning experiences that are responsive to individual differences. As a community we share accountability for student success and social and emotional well-being. Through strong relationships with students, parents and the community, we promote civic responsibility, development of personal identity, and respect for diversity. By providing an environment where it is safe to take risks, students learn to take pride in who they are and what they accomplish. The Montville Public Schools will deliver on the promise of high achievement for all students and eliminate opportunity gaps to ensure every graduate is a critical, creative, and collaborative problem-solver ready for life, learning and work in a global society.

We strive to develop graduates who are empathetic, perseverant, inclusive, and self-aware and who have the skills to navigate complex tasks as communicators, information consumers, problem solvers, and independent learners. In Montville, we believe that meaningful, deep learning leads to a new understanding, a creative expression, the performance of a skill, or the solution to a problem and requires: motivation sparked by curiosity and the desire to learn more; community support and a blend of independent and collaborative work; consistent practice through exploration, discovery, making sense of experiences, and play; persevering through trial and error over time; student autonomy activated because learners find value and relevance in what is learned; personal growth, reflection and pride in accomplishment.

In the 2022-2023 school year, focus was placed on three district-wide strategies to support the district's vision and goals for learning. First, there was a focus on student and staff wellness through promotion of a positive school climate and a culture that is responsive to and supportive of the needs of students and staff. Priority was placed on providing social, emotional and mental health supports. Strategies to improve student attendance were the focus of monthly meetings at every school. Second, there was a focus on deep learning of the district's overarching skills and dispositions for all students by ensuring appropriate allocation of instructional time, promoting the belief that all students can achieve at high levels, ensuring high quality tier 1 curriculum based on rigorous application of skills, improving the effectiveness of programs and services for high needs students, and ensuring instruction was aligned with the district's definition of deep learning. We increased tier 2 and 3 math supports at the elementary level and provided student support centers staffed with peer and adult tutors at the secondary level. Third, there was a focus on building deep relationships and creating a sense of psychological and physical safety for all members of our community by modeling empathy and equity in all interactions, ensuring every student has a voice and feels a connection to peers and an adult mentor, increasing parent community and stakeholder involvement, and utilizing parent conferences as opportunities to develop partnerships with parents centered around mutual goals for student growth and to promote parent satisfaction. Outreach to parents by teachers, administrators, and support staff was at the forefront of our efforts.

#### Efforts to Reduce Racial, Ethnic and Economic Isolation

Montville Public School District is dedicated to providing a high quality education to all students. All students are held to the same high standards, and the district pays careful attention to the achievement, attendance, and behavior data of students in racial, ethnic and economic subgroups in efforts to reduce achievement gaps and promote a climate of equity. State data indicates that our elementary schools are more successful than most in the state in closing achievement gaps between high needs and non-high needs students. Through our SRBI process, needs of individual students are thoughtfully addressed and consistently monitored. To accommodate families of our English Learners, the district sends translated versions of all communications home and provides translators at parent conferences and evening events.

Our academic programs, especially our English Language Arts and Social Studies programs, focus on topics which foster cultural awareness, an appreciation of the values of different ethnic groups, and respect for diversity. Our arts programs actively seek to help students understand the ways in which culture can be expressed through visual and musical media. These programs are intended to build relationships with, and foster awareness of, different cultures both within our Montville community and throughout the world. Our district-wide Equity, Social Justice, and Inclusion Committee, led by the Assistant Superintendent, strives to promote DEI initiatives and to identify and address concerns. Students play an active roll on this committee.

Montville students continue to have the option of attending more diverse learning communities through attendance at a number of choice schools including the Regional Multicultural Magnet School, Friendship School, Marine Science Magnet, Three Rivers Middle College, New London Nathan Hale, New London Winthrop, New London Stem Magnet Middle and High School, East Conn, and New London Arts Magnet School.

# District Profile and Performance Report for School Year 2022-23

## Montville School District

### **Equitable Allocation of Resources among District Schools**

The Board of Education's process for determining distribution of district resources ensures that each school receives an equitable allocation of resources. In the fall, schools are asked to submit a list of personnel, equipment, and capital improvements for the budget for the following year. Schools are asked to examine their strategic school profile and state and district assessment data to help determine the need for resources. Enrollment projections for the following year are utilized to determine needs for staff, equipment, and supplies. Money for textbooks and supplies is allocated on a per pupil basis with special funds set aside for new programs. Funds have been carefully appropriated to ensure coordination of our ELA and math programs across the three elementary schools, to provide equitable access to social workers, to enhance our SRBI services K-12, and to meet the needs of our growing special education population.

Title I, III, and IV funds, along with ESSER funds, are being used to provide resources based upon student and school need.
