Notes

Unless otherwise noted, all data are for 2020-21 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit https://edsight.ct.gov

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2019-20 qualified as truant under state statute: 511 Number of school-based arrests: Fewer than 6

NOTE: In the 2020-21 school year, students attended school in-person to varying degrees; some learned fully/mostly remotely for the entire school year. Chronic absenteeism calculations are based only on in-person school days.

² This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

³ Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

⁴ A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

⁵ This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

Educators

Full-Time Equivalent (FTE)¹ Staff

Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient¹

	NAEP	NAEP 2013	
READING	Grade 4 Grade 8		Grade 12
Connecticut	40	41	50
National Public	34 32		36
MATH	Grade 4	Grade 8	Grade 12
Connecticut	45	39	32
National Public	40	33	25

¹ NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. To view performance on NAEP by student group, at

² Cohort count includes all students in the cohort as of the end of the 2019-20 school year.

⁴Participation Rate equals the number of test-takers in 11th and 12th grade divided by the number of students enrolled in those grades, as a percentage. Sources:

^{*} The data are suppressed to ensure confidentiality.

⁴ College persistence refers to the percent of students who enrolled in college the first year after high school and returned for a second year (Freshman to Sophomore persistence).

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2020-21 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. For additional information, please view Connecticut's waiver response at: https://portal.ct.gov/-/media/SDE/Digest/2020-21/CommissionerMemoAccountabilityWaiver.pdf

Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA) Performance Index.

NOTE: As a result of ongoing challenges related to the novel Coronavirus Disease 2019 (COVID-19), Connecticut's request for a waiver from implementing district/school accountability for the 2020-21 school year was approved. Therefore, no SIMR data are available. Narratives

School District Improvement Plans and Parental Outreach Activities

Naugatuck Public Schools, together with the Board of Education, has a 3-year improvement framework and sets goals annually to support the district vision, mission, and NPS Vision of the Graduate. There are three priorities for Naugatuck Public Schools:

Priority 1: Academic Excellence - A Community that Expects all Learners to Demonstrate Competence, Engage in Deep and Critical Thinking, and Apply their Learning to Contribute to Improving our World.

Priority 2: Culture and Climate - A Positive and Inclusive Culture of Learning and Support in all Schools and in the Community.

Priority 3: Systems for Student Success - Naugatuck School District Operational Systems Function in Service of our Students.

The action plans to address these priorities are driven by data from student assessments and stakeholder survey results. At the district level, the superintendent meets regularly with the Parent School Council and hosts ongoing community conversations. Each school develops school-based strategic plans and engages with parent/teacher organizations in its improvement efforts. Naugatuck also works closely with Naugatuck's Partnership for Children and Naugatuck Youth Services to provide comprehensive and coherent partnerships with families.

Naugatuck Public Schools values its partnerships with families in the education of their children. We seek to collaborate and inform families about success criteria at every grade level and that families have a clear understanding of not only what children need to know, be, and be able to do at each grade level, but also how to assist in the learning process so that children can successfully grow and achieve the Naugatuck Public School Competencies.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Our culture for equitable learning is the foundation of Naugatuck Public Schools. It is the very essence of who we are and who we strive to become. Together, we ensure that our schools are safe, engaging, and happy communities where each and every child develops into the Vision of the Graduate.

By virtue of its student and family population, Naugatuck is a richly diverse district. The district developed and implements a staff recruitment and retention plan that recognizes the need to provide students with an opportunity to interact with a diverse staff representative of the population of which they are a part. Additionally, our curriculum provides opportunities for students to experience multiple perspectives and collaborate with others as they develop into responsible and engaged community members.

Our philosophy is that every learner in Naugatuck is empowered through active, equitable, meaningful and culturally relevant educational experiences that nurture an excitement and capacity for learning. These experiences are developed through a responsive, collaborative, ongoing process of instructional practices that value student voice, high expectations, and innovation. We have a collaborative culture relentlessly focused on the competence and growth of every student, every teacher, and every leader, so that all students will demonstrate academic, cultural, and social-emotional competence. Together, we ensure that our schools are safe, engaging, and happy communities where each and every child develops into the Vision of the Graduate.

Equitable Allocation of Resources among District Schools

The Naugatuck annual Board of Education budget is constructed based on the needs of the students, schools and circumstances. The district prioritizes equitable distribution of human, fiscal, and capital resources that work in service of students, student learning, and student needs. The process of allocating resources, both local and grant funds, is directly tied to student needs.
