#### **Notes**

Unless otherwise noted, all data are for 2019-20 and include all grades offered by the district.

In most tables, data are displayed only for the three major race/ethnicity categories. For additional race/ethnicity categories, please visit https://edsight.ct.gov

State totals are not displayed as they are not comparable to district totals.

Special Education tables reflect only students for whom the district is fiscally responsible.

\* When an asterisk is displayed, data have been suppressed to safeguard student confidentiality, or to ensure that statistics based on a very small sample size are not interpreted as equally representative as those based on a sufficiently larger sample size.

N/A is displayed when a category is not applicable for a district or school.

Number of students in 2018-19 qualified as truant under state statute: 1,592 Number of school-based arrests: 18

NOTE: In the 2019-20 school year, due to the COVID-19 pandemic, in-person classes were cancelled in mid-March; all districts switched to fully remote instruction for the remainder of the school year. Chronic absenteeism calculations are based only on in-person school days.

<sup>&</sup>lt;sup>2</sup> This table represents students in grades PK-12 reported by the district in the Public School Information System (i.e., PSIS Reporting District).

<sup>&</sup>lt;sup>3</sup> Students in this category are students with an individualized education program (IEP) only. This category does not include students with Section 504 plans or services plans.

<sup>&</sup>lt;sup>4</sup> A student is chronically absent if they miss ten percent or greater of the total number of days enrolled in the school year for any reason. Pre-Kindergarten students are excluded from this calculation.

<sup>&</sup>lt;sup>5</sup> This column displays the count and percentage of students who receive at least one in-school suspension, out-of-school suspension or expulsion.

### **Performance and Accountability**

### **District Performance Index (DPI)**

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., ELA, Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

NOTE: Due to widespread school closures related to the novel Coronavirus disease (COVID-19), Connecticut's request for a waiver of statewide assessment, accountability and reporting requirements in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 school year was approved. Therefore, no table is shown here. For additional information, please view Connecticut's waiver response at: https://portal.ct.gov/-/media/SDE/Student-Assessment/Main-Assessment/CT-Covid19-WaiverResponse.pdf

## National Assessment of Educational Progress (NAEP): Percent At or Above Proficient<sup>1</sup>

| National Public | 40              | 33        | 25       |

<sup>1</sup> NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. ### **Next Generation Accountability Results**

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

NOTE: Due to widespread school closures related to the novel Coronavirus disease (COVID-19), Connecticut's request for a waiver of statewide assessment, accountability and reporting requirements in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 school year was approved. Therefore, a modified table is shown below. All indicators that were not calculated for the 2019-20 school year (including overall Accountability Index) have been excluded and columns that referenced points have also been removed to avoid confusion. | Graduation Rate Gap | 94.0%                            | 92.3%           | 1.7%        | 10.9%                                | N                   |

<sup>1</sup> If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served.

## Connecticut's State Identified Measurable Result (SIMR) for Children with Disabilities

Increase the reading performance of all 3rd grade students with disabilities statewide, as measured by Connecticut's English Language Arts (ELA)

Performance Index.

NOTE: Due to widespread school closures related to the novel Coronavirus disease (COVID-19), Connecticut's request for a waiver of statewide assessment, accountability and reporting requirements in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 school year was approved. Therefore, no SIMR data are available. ### **Narratives**

### **School District Improvement Plans and Parental Outreach Activities**

In 2019-20, NPS was in the final year of a Strategic Operating Plan focused on raising the bar for all students and closing achievement gaps. To achieve the plan's goals, 10 measurable priority outcomes are set each year, as well as 25+ priority implementation steps. Results and accomplishments are publicly reviewed each yea, while a data dashboard tracks student outcomes in relation to the Plan's goals. A new multi-year Strategic Operating Plan will be developed under the direction of Norwalk's new superintendent, Dr. Alexandra Estrella, who joined the district on July 1.

Under the Strategic Plan, NPS has worked together with teachers, administrators, families and the community to enhance curriculum and expand programs, add support for students who need it the most and make structural change. School Governance Councils at every school provide parents, staff and the community with opportunities to engage in school planning and improvement. 2019-20 pre-COVID highlights included implementation of a capstone requirement for graduation, the expansion of NPS Summer Academy to Grade 7, and the addition of two Montessori primary level classrooms to the district. The RULER approach to social-emotional learning was initiated at four elementary schools. Phase 1 recommendations from the Counseling Services study committee were rolled out, including the implementation of student success plans, and social-emotional learning and executive functioning training. For the health and well-being of students, the Board of Ed approved recommendations outlined in a comprehensive report from our School Start Time Committee to move high school start times to 8:30am in 20-21. On March 13, NPS closed for a day for staff to prepare for distance learning. The next day, elementary packets were delivered to cover 10 days of instruction; those materials were renewed by mail in 10 day phases for the remainder of the year. All secondary students were given Chromebooks and chargers to access remote instruction via Google Classroom. Special Education staff prepared specific online and at-home learning plans for students with disabilities, as well as plans for providing services. Meal sites were set up in locations throughout the city for families to pick up meals for their children during closure. Both in normal times and during the pandemic, parent outreach is an ongoing commitment. Families have access to a "Parent Portal" to track student work and progress. Family communication include district and school websites, an auto call system, text messaging option, e-blasts, a District Facebook page and Twitter account. District E-newsletters are sent to families every 2 weeks in English and Spanish. Schools and district ensure that translators are available to families at conferences, parent meetings and open houses. Board of Ed meetings are live streamed on the District's YouTube channel; past meetings can be viewed on demand. To meet parent needs during the closure, a Distance Learning Parent Portal and Special Ed pages were added to the district website. A Tech Depot helped parents with technology issues. To deter truancy, families are notified of student absences from school or classes via School Messenger, and school administrators reach out to families directly to address ongoing issues. Parents can monitor attendance through the Parent Portal.

### Efforts to Reduce Racial, Ethnic and Economic Isolation

Norwalk's diversity is one of its strengths. Schools regularly celebrate diversity with cultural celebrations, recognition of Black history and Hispanic heritage months, and more. Translators are available at public forums, PPTs and parent conferences, and communications are in both English and Spanish.

To address growing enrollment, a comprehensive school building program is underway. Construction was completed this year on the Ponus Ridge STEAM Academy, a K-8 campus. Renovations and priority repairs are underway or completed at others. Program choices are also increasing. Two Montessori classrooms opened in 2019 at Brookside Elementary. Tracey Elementary has been named a National School of Character and transitioned into an intra-district magnet. Norwalk offers the intra-district Columbus Magnet, a Bank Street model evolving into a K-8 school. Silvermine Dual-Language Magnet offers a full English-Spanish model for K-5.

The Center for Global Studies offers study in Japanese, Chinese and Arabic languages, culture and history. In partnership with IBM and NCC, students can choose P-TECH Norwalk and earn both a HS diploma and an associate's degree. Blended learning programs are available for credit recovery. Other choices include an International Baccalaureate diploma program, health sciences academy and digital media and marine science pathways. The Seal of Billiteracy is awarded to graduates who demonstrate language proficiency.

For recent arrivals, Norwalk International Academy offers ELL classes, culture lessons and remedial academic support for students with interrupted schooling. Staffed by bilingual personnel, a "Welcome Center" supports new families. During the spring COVID-19 closure, NPS ensured that all students had access to distance learning by providing WiFi hot spots for those without reliable home internet at home. A plan to provide every student had a Chromebook or laptop was initiated for summer roll out, in preparation of any future closures.

Recruitment and hiring practices encourage candidates from all backgrounds and ensure fair and equitable treatment. The Board of Education approved a new minority recruitment policy in 2019-20, and a bilingual Chief Talent Officer works to support diversity recruitment.

### **Equitable Allocation of Resources among District Schools**

Norwalk Public Schools procedures regarding distribution of resources strives to ensure that each school receives an equitable level of material and financial resources. In 2016-17, School Governance Councils were established at every school, providing additional opportunities for parents, staff and community members to actively participate in school decision-making, including school budget decisions.

NPS has successfully implemented Student Based Budgeting, which provides a per pupil expenditure based on the student population numbers in each school. School principals have been trained in Student Based Budgeting so that they have the knowledge needed to allocate those resources according to the needs of their individual schools.

A magnet school supplement ensures programs have the support they need for specialized themes.

Staff members are assigned as determined by the number of students and programs operating in that individual school, in accordance with contractual class size limits. Additional equipment, textbooks and supplies are purchased centrally on behalf of schools.

**Note:** The Profile and Performance Reports(PPRs) were reprinted on 5/26/2022 to reflect updated data for school-based arrests and college enrollment/persistence.
