Performance and Accountability

District Performance Index (DPI)

A District Performance Index (DPI) is the average performance of students in a subject area (i.e., English Language Arts(ELA), Mathematics or Science) on the state summative assessments. The DPI ranges from 0-100. A DPI is reported for all students tested in a district and for students in each individual student group. Connecticut's ultimate target for a DPI is 75.

Student Group	ELA Count	ELA DPI	Math Count	Math DPI	Science Count	Science DPI

National Assessment of Educational Progress (NAEP): Percent At or Above Proficient

2024	Reading	8	35%	29%

2024	Math	8	32%	27%

NAEP is often called the "Nation's Report Card." It is sponsored by the U.S. Department of Education. This table compares Connecticut's performance to that of national public school students. Performance standards for state assessments and NAEP are set independently. Therefore, one should not expect performance results to be the same across Smarter Balanced and NAEP. Instead, NAEP results are meant to complement other state assessment data. Performance on NAEP by student group is available at <https://tinyurl.com/CTNAEP2024>

Physical Fitness Tests: Percent of Students Reaching Health Standard

The Connecticut Physical Fitness Assessment (CPFA) is administered to students in Grades 4, 6, 8 and High School (HS). The health-related fitness scores gathered through the CPFA should be used to educate and motivate children and their families to increase physical activity and develop lifetime fitness habits.

Note: Only students assessed in all four areas are included in the All Tests calculation

Next Generation Accountability Results

Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a district/school is preparing its students for success in college, careers, and life. It moves beyond test scores and graduation rates to provide a more holistic, multifactor perspective of district and school performance.

If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), the ultimate target is used for gap calculations.

If the size of the gap exceeds the state mean gap plus one standard deviation, the gap is an outlier.

NOTE: A dot (.) appears in the table above when there are fewer than 20 students in at least one of the student groups used to calculate the gap measure or the indicator is not applicable based on grades served. Gap calculations are based on unrounded rates.

Narratives

School District Improvement Plans and Parental Outreach Activities

In support of the Board of Education's mission and goals, the Hartland School community is committed to making an engaging and robust education that is accessible to all students. The school provides high-quality instruction so every learner is given the opportunity for achieving a high standard. The district's collaborative model includes professional learning opportunities for teachers and paraprofessionals, focusing on reading and mathematical strategies, assistive technology, social emotional learning and trauma informed instruction.

Staff communicate with families through a new and updated school website, newsletters, fliers, phone calls, email, and email blasts. Parents are engaged with student learning through Open House, Curriculum Night, field day and parent-teacher conferences. Whole school celebrations and buddy activities are shared with parents and families as well. The PTO is extremely active and plans well-attended family activities throughout the year such as Family Bingo and Walk, Bike, Roll to School.

Hartland School maintained an attendance committee to monitor student engagement and attendance. When students accumulate absences, letters are sent home and phone calls are made to alert parents, in an effort to increase attendance and develop a plan to support the student and family. Further, parent meetings are set up to provide support to both the parents and the student.

School wide buddy celebrations take place for staff and students in order to bring the school community "together" throughout the year. The activities allowed the whole school to focus on social emotional learning that aligns to our "Portrait of a Successful Student" and making connections with each other across all grade levels.

Efforts to Reduce Racial, Ethnic and Economic Isolation

Hartland School is a small Pre K-8 school and is geographically isolated. The Hartland community is very close knit and highly values the efforts to support 21st century skills in our learners. Hartland School provides all students in grades 3-8 with individual Chromebooks for instructional purposes and students in grades K-2 are provided with iPad. We have also been able to support our Cultural Arts programs to bring in culturally diverse artists, fund visits to theaters, museums, and talks that broaden children's perspectives, and develop appreciation for the richness that diversity offers to life.

Equitable Allocation of Resources among District Schools

Hartland School is the single PreK-8 school in the district. Our high school students use vouchers to attend the high school of their choice. As such, our biggest challenge is ensuring that students are aware of all the options available to them. Several of our students attend Vo-Ag programs, Technical School, STEM and Arts Schools. This year, a Night of Exploration was held to inform families regarding the different programs offered.
