

# Supporting Student Participation in 2020-21 School Learning Model<sup>1</sup>

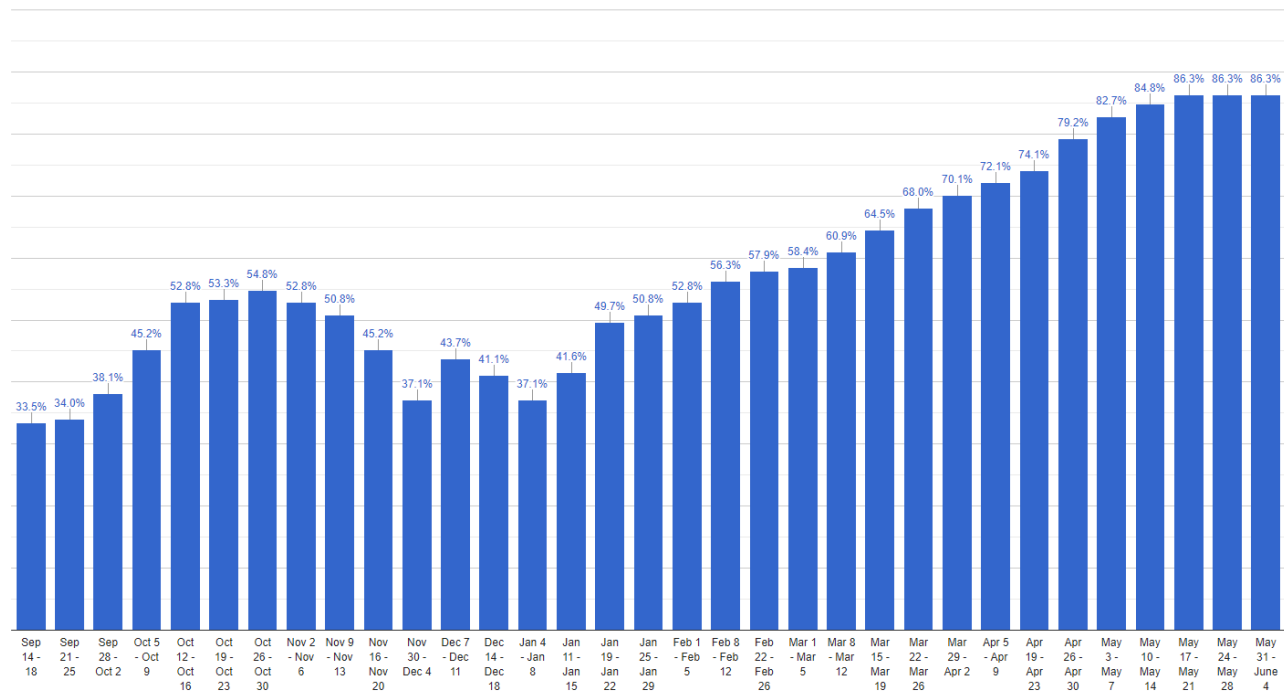

Week of May 31 – June 4

A fully in-person learning model was the predominant model offered in 86.3 percent (N=170) of public school districts while a hybrid model was the predominant model offered in 13.7 percent (N=27) of public school districts. No school district was operating in a fully remote model.

The percentage of districts offering a predominantly “fully in-person” learning model last week remained at its highest level ever at 86.3 percent (N=170).

**Percentage of Districts offering a Predominantly Fully In-Person Learning Model by Week**

<sup>1</sup> These data are based on a weekly, aggregate data collection conducted by the CSDE from all school districts and Approved Private Special Education Programs (APSEPs).
